

公司簡介

ABOUT US

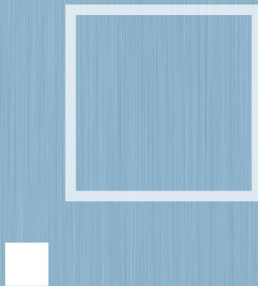

本公司成立於西元1995年10月，成立初期以外徑研磨加工為主，隔年增加平面磨床，相隔兩年後，加入零件生產與製造，因配合客戶零件與模具開發，為了要求準確性與時效性，增加內徑磨床與中心架內孔磨床，在第5年原有廠房不敷使用情況下，遷廠之現址，陸續繼續又增加大型內外徑研磨磨床和轉盤式磨床，同時增加業務部門加入生產CNC車床抗震刀套與圓筒磨床專用製造磨輪規和買賣，在公司同仁負責與合作無間，使得公司業績蒸蒸日上，又陸續繼續增加許多機械設備，在未來求新求變的時代裡，本公司為秉持著不斷進步不斷投資，更致力於產品研發與設計，並期許未來在市場上佔有重要地位。

The company was founded in October 1995. In the initial stage of establishment, we mainly did external diameter grinding processing. In the next year, we increased surface grinding machine, and two years after, we added parts production and manufacturing. In order to cater to clients' demands of parts and mould development, and for accuracy and time efficiency, we increased internal diameter grinding machine and center rest inner hole grinding machine. In the fifth year under the situation of original factory building's being not enough for usage, we moved the factory to the present address, and increased large-scale internal and external diameter grinding machine (internal diameter grinding and cylinder & cone grinding machine) and rotary table style grinding machine in succession; meanwhile, we increased the sales department, and added the production items of CNC lathe shock-resistant tool case and grinding wheel gauge exclusively for cylindrical grinder, as well as the transaction. Under the close cooperation of responsible colleagues, the company's business has become more and more prosperous. Moreover, we have increased various machinery equipment one after another. In the future age that pursues innovation and change, the company will adhere to the spirit of unceasing progress to invest continuously, and make efforts in product R&D and design, expecting to occupy an important status in the future market!
